SIR:

On November 10, 2003 a petition to withdraw Notice of Abandonment was filed in the above-identified application. The petition was dismissed for formal reasons on 03/22/04. Immediately upon receipt of the dismissal on 03/25/04 a request for reconsideration of the petition to withdraw Notice of Abandonment was filed by Express Mail , Mailing Label ER 06298237 US, copy of which is enclosed. (Certificate of Mailing and delivery confirmation to the Patent Office on March 26 2004 at 9:35 am by the US Postal Services enclosed).

When numerous tel. inquiries remained unanswered an inquiry was sent to the US Patent Office by Fax on Sept. 12, 2005 (Copy attached) which however also remained unanswered.

In another series of recent tel. calls, in which the undersigned has now found, that the Examiner, Mr. Bratlie has long been retired (but to whom I, the undersigned, was nevertheless repeatedly referred by other Patent Office locations, in particular the Office of Petitions and even the Tech. Center 3600) all that could be determined was that the Patent Application is listed as abandoned. No record of the renewed petition or my inquiry apparently could be found.

I am consequently enclosing copies with the request to please finally attend to this matter.

Respectfully submitted,

K. Bach

OFFICE OF PETITIONS

SIR:

Renewed Petition to withdraw Abandonment

This is a request for reconsideration of the petition to the Commissioner filed 11/10/03 to withdraw holding of abandonment of the above-identified application.

In the dismissal of the petition to withdraw Notice of Abandonment of 03/22/04 the Examiner noted that a statement is needed attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. And that a docket record showing all actions for all applications due by the practitioner at around the due date of June 4, 2003 needs to be supplied.

Concerning the first requirement it is stated herewith that a search of the file jacket and docket records by the undersigned indicates that the Office communication was not received.

Concerning the second requirement it is noted that, with the relatively small volume of the undersigned, a system, in which files are placed in certain locations depending on the prosecution state and each file is provided with its own prosecution sheet (copy of which was submitted with the petition of 11/10/03) has been found to be a superior system.

Reconsideration of the Petition dated 11/10/03 is therefore solicited.

Respectfully submitted,

K. Bach
